
RESEARCH IN ITALY AND EUROPE FOR THE DEVELOPMENT OF THE DRONES SECTOR

OCTOBER 10TH, 2024
CONVENTION HUB | 10.00 - 11.30

Investing in research and development (R&D) is crucial in any industry sector to ensure long-term sustainability and seize all the opportunities offered by the development of digital technologies. Basic research conducted by universities must be accompanied by applied research which can show the goodness of some applications or prototypes and identify gaps to achieve full operability.

MODERATOR: Paola Olivares, Director Observatory Drones and Advanced Air Mobility, Politecnico di Milano

Speakers:

Fabrizio Meroni, Researcher Project Manager National Centre for Sustainable Mobility MOST

Adriano Gilli, Head Attractiveness, Internationalisation and Research sector Regione Emilia-Romagna

Giuseppe Acierno, President DTA (Aerospace Technological District)

Andrea Berton, Head REMOTE Operational Unit CNR
