WE BRING TECHNOLOGIES TO LIFE

Identifying Challenges

We collaborate with the world's leading utilities and technology end users. After establishing their challenges, we find solutions through the independent sourcing of innovative technologies.

Connecting Technologies

We provide market intelligence to technology providers, enhancing the commercialisation process through increased dialogue and understanding of prospective clients' needs.

Collaborative Evaluation

Our innovation forums collaboratively review emerging technologies in a peer-to-peer environment increasing opportunities for knowledge transfer and shared resources to support the uptake of technology.

Transformational Moments

Transformational Moments

Building capacity to chase the frontier

We spoke with over 180 stakeholders across 12 utilities and 4 continents to benchmark their digital capabilities.

- Setup strategy with clear ownership
- Collaborate
- Invest in change management capabilities to integrate faster
