

MARCO FANTOZZI

Brief CV

MARCO FANTOZZI

DIRECTOR, Isle srl

Degree in Civil Engineering,
Politecnico di Milano, Italy, 1984

**MBA in Public Utility
Services,** Bocconi University,
Milan, Italy, 1994

M: +39 339 5923610

E: marco.fantozzi@isleutilities.com

Marco is a leading expert in Non-Revenue Water (NRW) with over 30 years of international experience across all aspects related to NRW reduction. He worked at ASM Brescia (now A2A) (a leading utility services company) for eighteen years and ran his own engineering consultancy specialized in water loss management for thirteen years. Marco is an **expert evaluator for the** European Commission within the scope of the **key action "Sustainable Management and Water Quality"** and has participated in numerous EC-funded research projects.

Marco was a **member of the Measures Working Group (WG PoM EU)** of the WFD

This WFD group in 2014 produced the document: **EU Reference Document: Good Practices on Leakage Management**, the main technical reference for leakage management.

Marco was a **member of the WBI group** which in 2002 produced the document: **Desk-Study Assessment of the Institutional Reform in the Italian Water Sector**.

He has applied the IWA practical approach to water loss management in Italy (collaborations with numerous utilities including IREN, A2A, CAP, MM, TEA, ACEA, SASI, IRISACQUA, Publiacqua, CCAM, Emiliambiente, ADF, ACA Pescara, etc.) and abroad (Belgium, Denmark, Finland, Cyprus, Croatia, Slovenia, Argentina, Bulgaria, FYROM, Brazil, Israel, Iran, Romania, New Zealand, Russia, Jordan, Tunisia, Egypt, etc.).

At Isle Utilities, Marco is responsible for the development of the Technology Approval Group (TAG) and for consulting activities in Italy.

2018 - Present

Managing Director, Isle srl (Italy)

2014-2018

Principal, Studio Marco Fantozzi (Italy)
specialized in consultancy, software and staff training for water loss management (LEAKS software).

1987-2004

ASM Brescia (now A2A) (Italy)

Various roles, including responsibility for: leak detection, network maintenance, plant operations, water meter laboratory, development of innovative projects, etc.

Member of the IWA Water Loss Specialist Group; he served as the European representative for water loss. **Member of the Scientific Committees of numerous international conferences.**

Coordinator of the H2O Fair international conferences from 2010 to 2020.

Guest lecturer at several universities (Catania, Perugia, Brescia, Tel Aviv, Exeter and Buenos Aires).

Honours: IWA Fellow in recognition of his significant contribution to the development and dissemination of IWA best practices.
